

IFAM International Folk Art Market

2018 International Folk Art Market Bicycle Rider Procedure

All client groups of the International Folk Art Market are encouraged to ride their bicycles to the Market. To assist Bike Riders, a Bike Parking Area will be installed and managed by Bike Santa Fe. This will be located approximately 60 feet south of the Market main entrance. Bicycle Riders will be able to leave their bicycles at the Bike Parking Station, in a safe and secure environment, while they attend or work at the Market. After depositing their bicycles with the Bike Parking Station, Bicycle Rider Attendees will be required to join the line with all other Attendees to enter the Market. Bicycle Rider Workforce will be required to walk to the Volunteer Check-in or their designated report location from the Bike Valet. Ample signage is installed on surrounding roads approaching IFAM to encourage bicycle riders to access Camino Lejo via Camino Corrales. All Bicycle Riders will be required to disembark at Camino Lejo and walk their bicycles along the walking path on Camino Lejo, when approaching or departing. This policy will be strictly enforced to ensure the safety of both Bicycle Riders and pedestrians using the footpath.
